### MANY CIVILIANS KILLED

At Least 160 Lost Lives in Dublin  
Revolt.

London, May 8.—No official figures  
have yet been issued at Dublin on the  
deaths of civilians in the recent re-  
volt, but 160 already have been ac-  
counted for. The list is still incom-  
plete because it is known that many of  
the dead have not been registered in  
any place open to public inspection.

Fifty of the victims were buried in  
Glasnevin cemetery on Saturday and  
31 others in Mount Jerome cemetery.  
Certificates of death from gunshot  
wounds in 150 cases have been is-  
sued. Owing to the shortage of labor  
the bodies in many instances were  
buried without coffins. Pathetic  
scenes are witnessed hourly at the  
various burying grounds. At Mount  
Jerome burials proceeded under a  
cross fire from the soldiers at Port-  
bello barracks and the rebels on Rialto  
bridge.

There is still a possibility of ad-  
ditional bodies lying under the debris  
of destroyed buildings and other un-  
explored places, for reports of per-  
sons missing are coming from every  
district.

### Quite Welcome.

"When I went home the other night  
tired out and hungry, my wife gave me  
the cold shoulder."  
"How mean of her."  
"Not at all. She had made a fine  
salad of it."—Baltimore American.

tail at \$795.

The first thunderstorm of the season  
passed over the village at four o'clock  
Sunday afternoon following which the  
grass seemed twice as green and the  
leaves grown noticeably. The shower  
lasted for half an hour and was fol-  
lowed by a typical Bennington-valley sun-  
set and summer evening.

Mrs. Mary F. Cummins of South  
street received a telegram Sunday an-  
nouncing the death Sunday morning of  
her only brother, Rev. George T. Ellis

Notice is hereby given to all Cam-  
Fire Girls that the public ceremonial

day night has been postponed because

peated at Library Hall. The Tahn-  
eac group will hold their private cere-  
monial as before planned at 253 School  
street on Wednesday evening at 7.30  
o'clock. As this will be the last meet-  
ing for awhile, all members are ur-  
gently requested to be present.

The May Day dances held at Library  
hall on Saturday closed a very success-  
ful and enjoyable winter for the Re-  
creation dancing classes. About 140  
children with a goodly number of  
mothers as spectators danced away  
the afternoon hours while in the eve-  
ning 105 young people tripped the light  
fantastic to a pleasing variety of  
square, round and modern dances.  
Dance orders, previously made by  
some of the girls, in form of May bas-  
kets were given out at the beginning  
of the dance. Simple decorations of  
gray and pink, with branches of apple  
blossoms gave a festive air to the hall  
with a very popular punch table in one  
corner and a very attractive candy  
booth, in another, both being operated  
by the ever charming Camp Fire girls.  
The average attendance during the  
winter for the Junior class has been  
104 and the average for the evening  
class has been 71 with a grand atten-  
dance of 3188.

### Joke on the Editor.

It was a joke on the editor of  
the St. Johnsbury Caledonian all  
right. The editor thought he would  
ascertain the choice of his readers  
for republican candidate for presi-  
dent, so through the columns of his  
paper he conducted a straw vote.  
The result was as follows: Whole  
number of votes cast, 124; of these  
Theodore Roosevelt had 92, Charles  
E. Hughes 26, Ellihu Root 2, and  
Woodrow Wilson 4. Now Theodore  
Roosevelt is about the last man in  
the United States the editor would  
choose to head the Republican ticket.

### AMERICANS HIT AT VERDUN

David King and Bob Scanlon Receive  
Wounds in the Fighting.

Paris, May 4.—David King of Prov-  
dence, R. I., one of the American volun-  
teers, was injured in the fight when a  
shell explosion hurled a stone against  
him. He was taken to a hospital in  
the rear of the line at Verdun.

Bob Scanlon, the negro boxer, was  
wounded at the same time. This is  
the second time he has been wounded.

### ASQUITH PRAISES THE U. S.

Says This Country and Spain Saved  
Belgium From Starvation.

London, May 4.—Premier Asquith,  
addressing the National Committee for  
Relief in Belgium, today paid tribute  
to the "unfiring humanity of the  
United States," and added:

"Had it not been for the interven-  
tion of the United States and Spain it  
probably would have been a military  
impossibility for the Allies to have  
saved the civil population of Belgium  
from starvation."

"The work done by these two na-  
tions constitutes one of the finest  
achievements in the history of humane  
and philanthropic organizations."

### PASSES RURAL CREDITS BILL

Measure In Preparation Several  
Months.

Washington, May 4.—The Senate  
passed the rural credits bill late this  
afternoon by a vote of 68 to 5. The  
measure is certain to be amended in  
the House and will have to be dealt  
with by a conference committee.

Senators who talked against the bill  
voted for it, believing it would form  
the basis for some intelligent system

### of rural credits.

The bill was reported by Senator  
Hollis from the Committee on Bank-  
ing and Currency after a sub-commi-  
tee of the two houses had devoted  
several months to the measure.

### STABBED HIS SCHOOLMATE

Rutland Youth's Mind Believed to  
Have Been Poisoned by "Movies."

Rutland, May 5.—His mind inflamed  
by tragic scenes in the movies, it is  
believed, James Gavin, age 11 years,  
a sixth grade pupil in the public  
schools here, drew his jackknife and  
deliberately stabbed Clarence Lavon-  
che, a classmate, without provocation.  
The police have not taken any action  
because of the youth of the boys. It  
is said that the lads had had no dis-  
agreement and that the painful  
wound over Lavonche's heart and an-  
other in his arm are the result of  
Gavin's distorted ideas of play. La-  
vonche will recover.

### MINERS RATIFY AGREEMENT

Radicals Fail to Force Trouble in An-  
thracite Region.

Pottsville, Pa., May 4.—After every  
delegate to the tri-district convention  
of the mine workers of the anthracite  
region had been given an opportunity  
to be heard in the discussion of the  
tentative agreement with the opera-  
tors, the convention, late this after-  
noon, voted to ratify the agreement.

The vote came after the most spirited  
battle over the wages between the  
radical and the conservative elements  
of the organization in the three dis-  
tricts. Tonight the winning delegates  
say that the big vote by which the  
radicals have been defeated will make  
them less formidable than in the past.

### Comfortable Glasses

Many persons do not buy glasses  
when they need them, because they  
fear the annoyance of wearing them.  
Glasses skillfully fitted are as com-  
fortable as carpet slippers. Instead  
of an annoyance, they are a source of  
pleasure and ease. No matter how  
difficult to fit you are, there is a frame  
or mounting here which, adjusted as  
we know how to do it, will give you  
the results you want.

Glasses.
